

EU-Latin America Convention on Raw Materials

Virtual Poster Session

Thursday 25 November 2021

18:50 – 19:10 (CET) Virtual poster session Slot 1

Eco Mining Concepts – The German-Chilean Network for a more Sustainable Mining

Denise Kirschner
EcoMining Concepts

Multidisciplinary Strategy for Optimised Management and Sustainable Recovery of Secondary and Critical Raw Materials from Mining Residues

Dr. Stefano Milia
Italian National Research Council- Institute of Environmental Geology and Geoengineering (CNR-IGAG)

EU-Latin America Partnership on Raw Materials

Isabel Urrutia, Thea Güttler
EU-Latin America Partnership on Raw Materials

19:10 - 19:30 (CET) Virtual poster session Slot 2

MINECHAIN - Platform Economy for Mining Value Chain

Marilan Dumke
MINECHAIN GmbH

LCBA: Supporting the Decarbonisation of the Mining Sector

Simón González
Low Carbon Business Action

Pasivos Ambientales Mineros (PAM). Hacia una Gestión Sostenible: Visión Global en Iberoamérica

Luis Collahuazo
IGEE Ecuador, ASGMI GE PAM

Urban Battery Mining and Circular Economy

Carlos A. Guzmán
Innovación Ambiental SAS ESP - Cali, Colombia

19:30 - 19:50 (CET) Virtual poster session Slot 3

Copper Plates for Mercury Recovery in Tailings

Alfonso Rodríguez
Pure Earth Colombia

Application of SADA Software for Risk Studies in Mining Areas of Mexico

Dr. Georgina Fernández Villagómez
National Autonomous University of Mexico (UNAM)

Refractory Gold Ore Treatment

Oscar Jaime Restrepo Baena
Facultad de Minas, Universidad Nacional de Colombia

Friday 26 November 2021

18:00 - 18:20 (CET) Virtual poster session Slot 1

Raw Materials Manager – Education for Future Managers in Sustainable Mining Industry. European Case Study

Joanna Kulczycka
AGH University, Krakow, Poland
Ewa Dziobek
MEERI PAS, Krakow, Poland

Rol de los Servicios Geológicos de América Latina en la Evaluación de Potencial de Recursos Minerales

Martín Gozálvez
SEGEMAR Argentina

Transnational Governance of Sustainable Copper Supply Chains

Svenja Schöneich
SWP - German Institute for International and Security Affairs

18:20 - 18:40 (CET) Virtual poster session Slot 2

Capacity Building and Knowledge Transfer in Sustainable Mining Engineering Practices

Maria de Lurdes Dinis, Maria Cristina Vila
Centre for Natural Resources and the Environment (CERENA-Polo FEUP)

Salar de Atacama Hydrological Management as Part of SQM's Sustainable Lithium Production

Stefan Debruyne
SQM Chile

RE-SOURCING – A Global Stakeholder Platform for Responsible Sourcing in Mineral Value Chains

Alexander Graf
Vienna University of Economics and Business
Institute for Managing Sustainability

EU-Latin America Partnership on Raw Materials

Isabel Urrutia, Thea Güttler
EU-Latin America Partnership on Raw Materials

18:40 - 19:00 (CET) Virtual poster session Slot 3

Federal Institute for Geoscience and Natural Resources (BGR) – MinSus Project

Achim Constantin, Jacob Mai
Federal Institute for Geoscience and Natural Resources (BGR)

Master's Degree in Mines, Mineralogy and Extractive Metallurgy 2022

Dr. Ronald Koepke
Polytechnical University of Applied Science, ESPOL in Guayaquil/
Ecuador

Precompetitive Geoscientific Information-PGI for a Sustainable Mineral Exploration in Chile

Felipe Espinoza
SERNAGEOMIN, Ministry of Mines Chile
